PROHIBITION CALLED MORAL SUCCESS

Washington, Dec. 4 (AP)—Prohibition today was termed the "greatest moral success of any age" by Dr. Clarence True Wilson, general secretary of the board of temperance, prohibition and public morals of the Methodist Episcopal church.

In his report to the annual meeting of the board, Dr. Wilson asserted that "America must show the world how to get rid of its two most dreadful scourges—rum and war."

He asked for prohibition "as fair a chance and as long a time to show the world what it can do as the license system" had.

"It has never had a fair chance," he said, "it never could have till we elected a President on the direct issue of a strict and impartial and uncompromising observance and enforcement of prohibition, who will determine to cut out all the resources of this republic before he will sit in the White House and chair and see the Constitution of our country trampled upon by a gang of aliens who affect to despise us."

Mississippi Boatman Dies in Saving 21

Westover, Ark., Dec. 4 (AP)—Henry Richardson, 42-year-old pilot, observed the code of the Mississippi and gave his life for his passengers. River men today said that either he burned to death or was drowned when his ferry boat the Nancy F., caught fire about 200 yards off the Arkansas side and sank.

Fifteen passengers and six men

**YANCEY TO HOP
OVERSEA AGAIN**

New York, Dec. 4 (AP)—Capt. Lewis Yancey, captain with Royal Canadian Mounted Police, is to leave for Europe in a flight from Old Orchard, Me., to Rome last summer, today announced his intention to make another transatlantic flight with Berlin or Moscow as his destination.

The date of the flight and his plane to be used was not announced by Yancey.

bers of the crew were rescued in bitter cold weather. Richardson last was seen aboard the burning boat hunking a life belt on a frightened six year old girl. He tried to comfort her and then threw her overboard near a lifeboat which picked her up. Passengers in lifeboats saw him jump back into the cabin and a minute later the Nancy F. sank.

The boat, a crude oil burner, valued at \$20000, was in the "very service between Westover and Clarkdale, Miss. The origin of the fire has not been determined.

**Googoo Sends King
George Moccasins**

Sydney, N. S. Dec. 4 (AP)—For Christmas King George is to receive a pair of waterproof buckskin moccasins, with velvet tops and gold heels. They have been forwarded by the ruler, Mary Ann Googoo, of the Micmac tribe, who, having prayed for the king's recovery, hopes her present will stand him against the rigors of winter.

sums for a number of government efforts and organizations, including the Army, the Navy, rivers and harbors, flood control, Indian care and forest protection. Congress was informed that the Treasury would expend \$55,500,000 in the present year in carrying on the huge government building program and that it planned to allot an additional \$30,000,000 for next year. In addition, he will submit later a request for \$30,000,000 more for the year.

MORE FOR NAVY

A total of \$58,302,525 was asked for the Navy, which is \$16,308,000 more than last year. Alterations on battleships, submarines, increased navy pay, improvements to air stations, ammunition storage facilities, aviation, construction of 16 new destroyers, frigates and other items were listed as contributing to the increase. As to the cruise, construction program, the President said, "For 10 cruises and one air craft." He also authorized by act in February, 1928, provision to be made to carry forward work on two cruisers already laid down, for three others and the aircraft carrier to be laid down late in the present year and the other two remaining to be completed in the fiscal year 1931.

SEEKS BIG SURPLUS

In his discussion of taxes Mr. Hoover said the Government had a surplus of \$25,534,834 at the end of the present 1929 fiscal year. "For the current fiscal year 1930 there is a marked improvement over the financial situation as estimated in the budget for 1929," he said. "The estimate for the year 1930, however, is that the Government will have a surplus of \$25,534,834 at the end of the present 1929 fiscal year. Letters From Readers

Favors Warning Signs for Skaters

Editor Boston American:
This is the season of the year when boys and girls, possessors of skates, venture to try them on ponds, rivers and other icy places. Their enthusiasm makes them overlook thin ice. A place may be strong enough for them to enjoy this sport, but there is always danger lurking.
An accident of this kind happened the other day when a 10-year-old boy lost his life by drowning, being deceived by the ice which he thought was stronger than it proved to be.
Why not have the authorities in every town or city place warning signs on any other pond or river? It may be an unnecessary expense for officers, but I remember years ago General Pack, New York, placed these signs of danger both on the pond in the park as well as on other ponds in this reservation.

Helping Others Is Reading Full Life

Editor Boston American:
A minister in Boston a few sun days ago talked about the fulness of life.
Here I am every day working at a bench. What does fulness of life open out to me? I tried vainly to fix my mind upon it. If I find myself better off a year from now, why then I can get a better position and find out that there is more money in my pay envelope, why then I am getting "some fulness of life."
I'd like to get more education. I had to quit school when in the eighth grade. I want my children to have more than I have. I'd give a different twist to that phrase, "fulness of life." It is reading, hearing, knowing more and, above all, doing more for those who cannot help themselves.
This is what I'm working for. I'm not throwing away money. I'm holding on to some of it to make it go farther, to let not the fulness of life?
MARTIN. J. McC.

Bridge Player

Editor Boston American:
No one who has intelligently played bridge will pay any heed to the claim that Prof. Rogers of New York has leveled against it. Women in my community after attending to their household duties sit down for an hour or so and play cards.
We have been spending some time over getting things righted in the home life, often washing and wiping dishes and putting them away and then it is "out" again. What turns our attention in another direction more helpfully than a game of cards with congenial neighbors?
Prof. Rogers has this trouble. He is the patron of brain stormers. He is the one who is not to be criticized upon. He is not to be criticized, he is to be pitied as many of the women around me are saying.

State Has No Law on Book Censorship

Editor Boston American:
What is all this fuss over censorship of books in this State? Trust lawyer, Samuel H. Mendon states "You may search the general laws of Massachusetts from cover to cover and you will find no book censorship law and no statutory book censor."
We have no officer or board of officers who are to visit to see the sale of a book. Our police cannot even seize books believed to violate the statute against obscene literature without a search warrant, issued by a court upon sworn complaint. I ask again, why all this fuss about book censorship?

Wants Information on Gems of Sugar

Editor Boston American:
Newspapers in the far West are saying a great deal about what has been accomplished in turning ordinary table sugar into diamonds. There is a chemist in Kansas who has been working at this for some time. He is showing a grain of sugar, turned into a sparkling diamond produced under pressure of ten tons to the square inch.

When Your Cough Hangs On, Mix This at Home

The best cough remedy that money can buy, can easily be mixed at home. It saves money and gives you the most reliable, quick-acting remedy you ever used. The way it takes hold of stubborn coughs and chest colds, giving immediate relief, is astonishing.
Any drugstore can supply you with the cones of Elixer. Pour this into a glass bottle, and fill up with plain granulated sugar syrup or strained honey. It's so trouble all to mix, and when you use it, you will never be without it. Keeps perfectly and tastes good—children really like it.
It is surprising how quickly this cures the granulation which causes the cough and the inflamed membrane. At the same time, part of the medicine is absorbed into the blood, where it acts directly on the mucous tubes, and helps the system throw off the whole trouble. Even those severe coughs which follow colds, influenza, are promptly ended.
Elixer is a highly concentrated compound of genuine Norway Pine, containing the active principle of eucalypti, is refined, palatable form. Nothing more in medicine is so useful in cases of severe coughs, chest colds and influenza.
Do not accept a substitute for Elixer. It is guaranteed to give prompt relief.

The diamond is nothing more than a grain of sand in size, but has a great sparkle. I understand that sugar diamonds will soon make their appearance in Boston.

How do you tell a sugar diamond from a real diamond? I understand sugar diamonds are very hard and few can tell them from the real article. In that case, I am not unappreciative of the importance of modern youth.

Back to the Farm Panacea for Youth

Editor Boston American:
"Don't do anything that you don't like to do," was advised lately in this city by Mrs. M. C. Fetter, student-pastor of Boston. To the ideal generation, this seems to be one of the weakest points in modern youth. I'm not a cracked old man, using two planks to see anything. I am not unappreciative of the importance of modern youth. But this is the mark of youth today. They are generally unwilling to do what they do not like to do. Why, when I was a boy, I had to tackle a wood pile on the farm. That was my job when I returned some distance from school. There was no choice about it. I could not grumble and try to shake myself out from that wood pile. Modern youth wants to be pampered. They don't stand up and face hardships. They lack initiative. I believe the farm life is the best developer of sterling qualities. Don't underestimate us as knowing modern youth without a remedy. Here we are back to the farm.

Uncle Sam Should Pay Poets to Work

Editor Boston American:
I noticed in the dispatches from England that Dr. Bridge, poet laureate, has celebrated his 80th birthday by writing a new poem which has been dedicated to King George. It is divided into four books of more than 400 lines. It is written in free alexandrine.
Why don't we have poet laureate in this democracy? We have poets enough that take a fling at writing verse, but if they were paid by the government for writing poetry dedicated to President Hoover or some other president we might get better poetry.

Ship Captains Should Save Selves

Editor Boston American:
That old tradition that a captain should go down with his sinking ship, ought to be thrown in the junk heap, where many other superstitions should be. My attention was called to this old belief recently by the disaster on Lake Michigan. After a captain has done his best to save his crew and passengers, he should be entitled to the privilege of saving himself.
It is called "Obedience to the written law of the sea." Let us amend it. After a captain has done all in his power to save a ship and others, he ought to have the right to save himself. We have got rid of a good many loose traditions, let us treat this likewise.

GULF REFINING COMPANY

NEW FINISHING PROCESS GIVES HIGH LUSTRE

Electrically driven, a new waxing process is now being used to give a new degree of luster and depth to the body finish on Dodge Brothers cars. A new process that amounts to burnishing the already highly hand-polished surface, of bodies and hoods, this operation results in an advanced stage of brilliancy unknown and impossible with the old method of hand rubbing and polishing. Mr. W. M. Luff, general manager at Mr. A. C. Moore, Dodge Brothers, Inc., said that the new process is used to represent the most important refinement in the art of automobile finishing since the perfection of the lacquer 'gun' and the striping machine. Approximately two minutes' time is required to polish each car.

A Whole Train-Load of Whippets

The Whippet four and sixes are as popular in the foreign markets as they are in the States. An indication of this is shown in the picture above, which shows a complete train load of Whippet cars departing from the Noramby station in Brisbane, Australia, for distribution among the Willys-Overland dealers in that section.

GULF NO. 1 NOX AS WINTER FUEL

Motors who have trouble in starting their cars on cold winter mornings probably do not know why such excessive trouble occurs. A. A. Macdonald, general manager of the Gulf Refining Company, says that for a quick start there must be a quick and complete vaporization of the gasoline in the combustion chamber. All gasoline is not equal in its ability to vaporize quickly. Much gasoline is so heavy that it will not vaporize at all. Gulf No. 1 Nox is the lightest gasoline on the market. It is the vapor from this gasoline that is exploded by the spark.

DE SOTO CAR HAS HIGH RANKING

Just as Hernandez De Soto, that fearless explorer and discoverer of the Mississippi river, became a leader among the pioneers of his time, so has his namesake, the De Soto automobile, because of its superb qualities of power, stamina, performance ability and style achieved a high ranking among American-made automobiles of this day, according to a De Soto general sales manager of the De Soto Motor Corporation.

COLD TESTS FOR WIKING EIGHT

The efficiency of laboratory tests given the better automobiles before they are introduced to the public is being demonstrated with the advent of cold weather in the Viking eight. Fencing Meet at Harvard

A galaxy of national and international fencing stars will appear in Hemenway Gymnasium at Harvard this Friday in an exhibition of fencing. The meet is sponsored by Rene Peroy, Harvard's new fencing coach, is the first of its kind to be staged at Harvard, and open to the public free of charge.

An impressive list of world record holders will compete. Among those listed in the seven bouts to be staged are Robert Grasso, fencing coach at Yale who is said to be the best coach in America; Joseph Lewis, captain of M. I. T.'s 1928 team; and the member of 1924 Olympic team, Frank Reimer, third place winner in the national foil championship this year, and listed in the national great champions this year, and many others.

WELCH PURDUE

By NICK FLATLEY
HEREWITH the Boston Evening American gives to a pulsating universe its 1929 model of all-America football team. This imaginary eleven, we maintain, could go out on the mythical gridirons, and kick the theoretical tar out of any and all opponents.

Here is a fine, husky, burly fellow, a gang of superlatives, each of whom could kick, run, throw, and punt anything possible on the football field, and do it in all probability, a little better than any other player in the country. But there's one thing that might be missed together.

This team, selected from three or four hundred teams picked by Evening American writers, has a weight average of about 200 pounds, a height average of about 5'10", and a speed average of about 100 yards per hour.

HAGEN MAKES COMEBACK

No less a personage than the reigning champion of Walter Hagen, the 1928 winner of the U.S. Open, is making a comeback today which saw him stumble along into elimination.

Hagen, who had not played in the tournament for a long time, turned in a fine performance today, winning 14 of the 15 matches in the first round of match play.

TRIPLE TIE IN SIX-DAY RACE

New York, Dec. 4 (AP)—The third day of the six-day bicycle race at Madison Sq. Garden found three teams deadlocked for the lead—Chicago-DeBates, St. Louis-DeBates, and Letourner-DeBates.

The race was a close one, with the teams tied at 140 miles and 140 minutes.

Harvard Six to Play 14 Games

Harvard's 1929 ice sextet will play fourteen games this winter according to the schedule issued by the H. A. A. today. The season will officially open when the Canucks meet B. U. on December 18, but Harvard is anxious for a match with the University Club on December 16.

The sextet will play with the University Club on December 16, and with the University Club on December 16.

McGILL AND LEWIS FIGHT

ED "STRANGLER" LEWIS, former heavyweight wrestling champion, will finish training today for his two fights with Pat McGill at the Arena tomorrow night.

The big fellows will head one of the best all-star cards ever presented here. Bob "Bibber" McCoy of Cambridge, the best purely local wrestling star ever defeated, will appear in the semifinal bout with strong Lewis.

There is perhaps more interest in the McCoy-Devlin finish match, than there is in the McGill attraction, despite the fact that the Stranger and McGill are expected to unfurl a sensational brand of wrestling.

McCoy's Feat
McCoy has been traveling along meeting the second and third rate wrestlers without a defeat. Stanley Stankus was the only outstanding grappler he met, and he held the giant Pole to a draw in 45 minutes.

Devlin is as young as McCoy, and has had far more experience than those who know their wrestling, says that McCoy, former Irish Cross baseball and football star, is even tougher than George Ronnenberg, which is very tough indeed.

The bout will either make or break the popular Canadian wrestler. "I asked for a finish match with one of the best in the world, and he has served sufficient apprenticeship."

He wants to make a bid for the title or quit the game, and if he loses to Devlin, he declares that he will turn his attention to some business and retire from the ring. **CONFERENCE CHAMP IN SHOW**

Hundreds of McCoy's friends will be in the crowd tomorrow night, helping to cheer him on to victory. They will see one of Paul Powers' best carries, former Irish Cross champion, and a former University of Michigan wrestling captain, Conference champion and Olympic runner-up, will appear in his third local bout against Sam Skarone of Chicago.

George has slammed two opponents to the mat in the last three minutes with flashy body lifts and the customers are being urged to chatter about him in the opening hours. He is being cheered by John Grandovich, and by Minimus Springfield, who met Carl Lemie of a Boston.

Cushion Warren to Meet McMillen
Warren will present his third round of the indoor season at the Mechanics building next Saturday night, December 11, in a contest to this effect being made last night.

Warren has met the popular American champion, Jim McMillen, in a former University of Chicago American student great, and a former Haggen, the sensational 225-pound Bantam.

This bout tops an attractive program of five national and international stars. McMillen has an unbeaten record in his career, and has defeated a number of the best in the world, including the brilliant George Calza.

Toronto Defeats Americans 6-0
Toronto, Dec. 3 (AP)—The Americans, 6-0, in a National Hockey League game here. Showing a decided reversal of their early season form, the Maple Leafs completely defeated the New Yorkers and were kept from running up a higher score only by the brilliant work of Roy Worters, American goalie.

For two thirds of the game, Toronto panned the Americans in their own end of the rink, smothering every attack almost before it got started. Hal Cotton led in the scoring, taking two goals and assisting in two more.

West End Five to Play Chelsea Five
The West End House senior basketball team will open its season with the Chelsea evening high school team at the new West End House gym on Blossom st. West End, Saturday evening, December 7.

Johnny Krivichsky, who played football with the English high school football team, and Harry Cubelik, who played basketball with the English high school team, will probably be in the starting lineup for the local club.

"Paris is one of the best cities for boxing on the Continent," said the trade commissioner, who is a native of the city. "I am a promoter as well as a secretary."

He is not uncommon in Paris to see a fight between two of the best of the world. The French government does not restrict a promoter in the price he wishes to charge for his choice seats, but it does insist that he furnish a sufficient number of seats for the laboring classes at moderate prices.

GEO. ROGERS CARPENTIER, who was knocked out by Jack Dempsey, is still an idol with the French. Carpentier is reported to have lost most of his fortune he accumulated in the ring in bad investments.

JACK SHARKEY is the best known American boxer in Europe. In the eyes of Paris they are discussing the respective merits of the two great American boxers, Jack Sharkey and Max Baer.

Pal of Blackburn to Be Shires' First Ring Foe
Chicago, Dec. 4 (AP)—Dan Daly of Cleveland, who professes to be yearning for an opportunity to gain revenge for "Lena's" Blackbarn, former White Sox manager, will get his chance Monday night.

Daly has committed to the first ring opponent of Art Shires, "bad boy" of the White Sox, who decorated Blackbarn with a cross at this much self-ventured tough boy from Texas. "Daly" made his successful appearance for the match.

Dominick Captain at Manchester
Manchester, N. H., Dec. 4—Andy Dominick, tackle on the Manchester high football team, was elected captain at a meeting of the lettermen. Dominick succeeds Ray Howe, the present captain.

Gene Has Quit Ring Forever

New York, Dec. 4 (AP)—Gene Tunney is home again, but he isn't going to live "quietly and simply" Tunney, with his wife, the former Polly Landor, returned to the United States yesterday from Paris after spending 15 months abroad. It was a new Tunney who came back to the land that gave him fame and fortune. More gracious than his retired heavyweight champion of the world, Tunney cheerfully to photographer demands while answering as best he could the hundreds of questions fired at him by reporters.

CONCERNING THE SUIT
Concerning the suit Katherine King Fogarty has brought against him, Tunney had nothing to say, but he was ready and willing to talk about boxing.

ANTICIPATING QUESTIONS
Anticipating questions as to why he has returned to the United States, Tunney had a prepared statement for the press of reporters.

THE ECHO OF A TUMOR AT HOME
The echo of a rumor at home that I am contemplating returning to the boxing game to defend the heavyweight championship reached me in Italy. This is in no way true. I have permanently retired from public career.

WEIGHTS IN POUNDS
Tunney lost neither more weight in the stock market debacle nor money in the boxing ring. He weighs 180 pounds, 10 inches high, 32 inches around the waist, 30 inches around the chest, 30 inches around the biceps, 30 inches around the thighs, 30 inches around the calves, 30 inches around the ankles.

OSBORNE TO PLAY FOR TIGERS

Boston Tigers have still another big gun to lose at the other end of the American League.

IT IS HARDY "THUNDER"
Osborne, who has been playing very fast in practice recently, and is almost ready to step out in league competition.

Society Greet Miss Carolyn Day at Country Club Fete Tonight

Benefit Performance at Hollis Draws Large Audience

ONE OF THE SEASON'S loveliest debutantes, Miss Carolyn Day, is being presented to society tonight at the Country Club, by her parents, Mr. and Mrs. Chester Day, of Boston, and Brookline. Miss Day is wearing a long frock of pale pink and tulle, color combined with tulle, which is also to be the theme of the dinner of 34. A guest who has come on from New York for this dance is Mrs. William Brookfield of New York, who before her marriage last June, was Mrs. Louise Parker of Boston. The corps of dancers is headed by William L. Shearer, Jr., who is assisted by Eugene Wilson, Gordon Smith, Philip Fawcett, Jr., Herman Gale, Robert S. Ogden, Hendrick Kip, Hamilton Thorndike, James Baldwin, Henry L. Fogel, Everett L. Miller, Jr., Allen G. Howe, Alfred Bell, John Finnmore, Horace Partridge and Marshall Dwinell.

A BRILLIANTLY ATTIRRED audience turned out for the benefit performance at the Hollis Theatre of the Theatre Guild, "The Meteor," to swell appreciably the treasury of the Free Hospital for Women. Miss Elizabeth Harvey, with her clever, well-sung, still reminiscent of her invariable yachting racing at Nahant last summer, headed the other corps of debutantes, all gowned in black. Black net, with ruffles, caught at the waistline with a brilliant, fashioned in the long mode was worn by Miss Huey, the picture set off with red evening slippers. Miss Kathleen Watson, in black velvet, with crystal earrings, Miss Hope Richardson, in black more tulle, Miss Elizabeth Hamilton, also in black velvet, her coral beads the touch of color, and Miss Anne Houghton, in silver-dotted tulle, stood at the portals of the auditorium, the acoustics were perfect for presentation their chief mission.

MRS. BRISTOW DRAPER was gorgeous in chateau and brown chiffon tulle, a color combination carried out to effectively with rhinestones in her dress. Mr. King was in apple green tulle, with emerald and black flowers. There, too, were Mrs. Quincy A. Shaw, Jr., in tulle and net, with a green and white crystal necklace. Mrs. Lewis Barber, in blue, Mrs. Alfred McIntyre, in white and black, Mrs. Chester in black and white, Mrs. Cresset in black and white, and Mrs. Henry W. Forbes, Mr. and Mrs. Alexander Sennett, Mrs. Harry Brewster Dunn, Mrs. Marguerite Thayer, Miss Alice Adams, and Mrs. Joseph Melis. The boxes were occupied by Mrs. M. Williams and Mrs. Louis Curtis, who entertained large parties.

THE OFFICIAL PROMISES to be quite a feature of Boston's social season. As is always the case in such cases there will be those who will go faithfully each night and those who attend one or two performances only. Mrs. Curtis Guild was seen again in her box at the opening of "La Traviata," as were also the Vittorio Orlandini. Mrs. Guild was gowned in red velvet. In a box nearby were the Misses Charlotte and Louise Hopkins, the former in a black tulle; her sister in one of purple. In the same party were Miss Katharine Powers of Beacon st., whose engagement to Dr. Gerald I. Gray of Pasadena, California, was announced early in October, he, too, had chosen to wear a black evening dress. White at the corners by Mrs. Donald Burt present a resident of Cambridge.

THE RADCLIFFE CHORAL SOCIETY will sing its first concert of the season with its Wellesley Glee Club this evening at 8 at Wellesley. Songs will be sung jointly, and each society will also sing individually. Concerts hereafter is in charge of the Wellesley Glee Club, and G. Wallace Woodworth, assisted by Mrs. Langdon Warner, coaches the Radcliffe Choral Society. The next public appearance of the Radcliffe Choral Society will be Thursday, December 12, when it combines with the Harvard Glee Club and the Boston Symphony

Among those assisting at the Roxbury Neighborhood House bazaar at the Hotel Vendome were Mrs. Richard H. Edwards, Miss Gwendolyn Scudder and Mrs. G. Winthrop Brown. They are admiring some of the articles exhibited. (Staff photo.)

Orchestra in a program at Symphony Hall.

MRS. JAMES W. WHEELER of Suffolk rd., Chestnut Hill, has been staying in New York at the Weylin Hotel. Others from hereabouts who are also staying at this same hotel are Mrs. and Mr. George Foster Shipley of Brookline, Mrs. Francis J. O. Alop of Milton is also in the Gladstone.

MRS. AND FREDERICK PARKER of Nahant have taken an apartment at the Hotel Lincolnshire for the winter. Mrs. John Caldwell, whose summer estate is at Prides Crossing, is spending the winter season at this same hotel. Before returning to her home on Marlborough st., Mrs. Russell R. Colman is making a few visits with friends in both Philadelphia and New York.

RAILROADS LEAD BOND MARKET

By JOHN L. COOLEY

New York, Dec. 4 (AP)—Low coupon yields led the bond market upward today. Bidding for numerous issues was lively in the early trading and it was apparent that the important proportion of available investment funds, including December 1 interest and dividend payments, was finding its way into bonds.

The money rates were unchanged, with charges of 4 1/2 to 4 3/4 prevailing for time loans. Although call money renewed at 4 1/2 per cent it was reported that the undertone was firmer.

One of the strong loans in the division was the General Electric Short Lines, which rose more than 2 points in a new 1929 bond. Other active issues included the Island general, Missouri Pacific standing in, and general bonds of Hudson & Manhattan St. Pennsylvania, Chesapeake & Ohio general and Erie general. The latter extended from 1/2 to a full point.

Oil bonds were in demand, Union Oil of California 5 1/2 being more than a point above similar issues as a group were firm, and the utilities likewise displayed no inclination to surrender their record.

Convertible responded to the buoyancy of the market by moving forward in the early hours, although volume continued light. The two telephone bonds moved 1/2 to 2 points above the market. General Public Service also moved more than a point.

U. S. Government liberties and treasury were rather listless but showed higher.

Inquiry in the foreign list for French 7s, Brazilian 4s, Chilean 5s, 1927, resulted in fractional improvement.

New offerings included \$1,700,000 in City of Syracuse, N. Y., 4s, and priced to yield 4.35 to 4.50 per cent.

Essex Loan Award Made in Gloucester

Essex County, awarded to Gloucester National Bank at 3 1/2 per cent, \$50,000 Tuberculosis Hospital addition, due April 1, 1930 and at 3 1/2 per cent, \$10,000 Municipal Farm, due June 1, 1930. Other bidders were Cape Ann State Bank, 4 1/2 per cent plus 21 and 400 per cent plus 21 respectively; Marine National Bank, 4 1/2 per cent plus \$1.50 and 401 per cent plus 21 cents; Naumkeag Trust Co., 4 1/2 per cent for each loan; Warren National Bank 4 1/2 per cent for each loan; Essex State Bank 4 1/2 per cent and 403 per cent for Hospital; Gloucester State Bank 4 1/2 per cent and 401 per cent for Hospital; and Bank of Gloucester, 4 1/2 per cent and 402 per cent for Hospital. Bank 4 1/2 per cent and Essex & Co., 4 1/2 per cent.

Companies Order Extra Dividends

Frank & Lambert Co. declared an extra dividend of 11 and 1/2 cents quarterly dividend of 12 1/2 cents, common, payable Jan. 2, 1930.

First State Co. declared an extra dividend of 50 cents and 1/2 cents quarterly dividend of 50 cents, common, both payable Jan. 2.

Roughneck Petroleum Law, Inc. declared an initial dividend of 50 cents, payable Jan. 2.

Prices are Mixed in Chicago Grains

Chicago, Dec. 4 (DIN)—Grains were irregular today. Wheat was sold down to 1 cent higher and 1/2 cent lower. Corn was unchanged to 1/2 cent higher and 1/2 cent lower. Soybeans were 1/2 cent higher and 1/2 cent lower.

Atlantic National

Atlantic National Bank declared a quarterly dividend of 75 cents a share payable January 7.
